“ Working with James on our last feature was a great experience. Not only does he do his job well, but he instils confidence in you that he is doing it well all the time. Fantastic communication meant we could concentrate on our own roles safe in the knowledge James was looking after the audio. Be confident that when you hire James, you are hiring an experienced and well rounded professional. ”

Mike Staniforth, DOP (mikestaniforth.com)

Education:

Audio Engineering Diploma

School of Audio Engineering, Liverpool

Music Production Foundation course

The Recording Workshop, London
