About Me

I started my work life at Pro Motion Hire, one of London's leading crew and kit companies, as a kit technician and camera assistant. I learned the kit inside-out and experienced a huge variety of productions; factual, commercial, corporate and live events.

Then I joined PMA Film & Television - a busy movie marketing company - as their in-house lighting cameraman. I worked on blockbuster film sets, working with and lighting the highest profile actors, and have travelled around the globe to do so.

I am conscientious, extremely hard-working, calm under pressure and sociable. I am comfortable working solo, taking direction and working as part of a team.

Interests

As well as filmmaking, I am passionate about photography and experimenting with its processes. I love to stay fit: cycling, hiking, snowboarding and surfing. I also enjoy creating and listening to music, socialising and reading.
