Warm, versatile and experienced sound recordist with resources for indoor and outdoor production.

Well seasoned with over 20 years experience in location sound and post production. Options to ADR, re-record, sound design and final mixdown in stereo/5.1 are available.

Audio recording for VR and Ambisonic projects using the SoundField Microphone for game, film and other immersive presentations can be handled and delivered in a variety of formats.

Equipment includes:

Audio LTD/Sennheiser radio packs with Tram/Sennheiser/Sanken lapel microphones  
Sennheiser 416 P48 with Boom with Rycote wind jammer  
Sennheiser 816 P48 with Boom with Rycote wind jammer  
Zoom F8 eight channel Portable mixers / recorder  
UltraSync wireless timecode generator and receiver box with coax bayonet output  
Focusrite 828 with digicard for static indoor shoots  
Audio Developments mixer rig for static internal scenes  
Post production facilities if mixing / edits are needed.
