“ I’ve worked with James in a multitude of complex shoots for sound. Solutions for the most challenging of set ups and a joy to work - with even when I throw him curve balls!”

Lindsay Cowen | Production Manager | The Gate Films

“ We always love having James on set, his professionalism and knowledge in the field are such an asset plus he’s a valuable crew member in making a productive and friendly work environment.”

Amy Brown | Creative Production Coordinator | Contented

“ Prior to filming he assessed everything we’d need in terms of sound for the shoot and on location he was professional and a pleasure to work with. He’d be a great asset to any production team and I look forward to working together again soon. ”

Harry Bott | Producer/ Director | ITV This Morning

“ As a production company James is always our go-to sound man both for on location and post production work - reliable, efficient and always a great person to have on set.”

Alex Wallace | DOP / Owner | Fern Films (fernfilms.co.uk)

“ James is a pleasure to work with; proactive, trustworthy and experienced, he is great to have on set and helps put subjects at ease from the get-go! In what is a critical department, James has continuously delivered to the highest of standards.”

Sam Parr | Producer

“ Working with James on our last feature was a great experience. Not only does he do his job well, but he instils confidence in you that he is doing it well all the time. Fantastic communication meant we could concentrate on our own roles safe in the knowledge James was looking after the audio. Be confident that when you hire James, you are hiring an experienced and well rounded professional. ”

Mike Staniforth | DOP (mikestaniforthdop.com)
