SUMMARY

Highly motivated and detail-oriented media graduate with a strong interest in film production. Eager to leverage my experience in camera and stills to contribute to the success of creative projects. Assisted with camera operations on 10+ shoots. Now I have my mind set on building my foundation in the film industry one role at a time. Currently, my goal is to work my way into the Camera and Stills.

Core Experience

Restaurant Support Specialist – Deliveroo [Remote] (Jan 2022 – June 2022)

Provided exceptional customer service to restaurant partners via live chat, email, and phone.

Resolved complex inquiries, complaints, and technical issues, ensuring high partner satisfaction.

Maintained and updated restaurant information on the Deliveroo platform, Contributing to data accuracy.

Collaborated effectively with a fast-paced team to achieve shared goals. (Transferable Skills: Communication, Problem-Solving, Teamwork)

Delivery Driver – Asda (Feb 2018 – Dec 2021)

My role as a delivery driver was to deliver stock to customers and help with any quality-related issues, keeping a steady but high pace of work. And managing with other drivers on the road.

- Managed store stock logistics.
- Assisted with customer service queries.
- Simplified workflow efficiency through a time-prioritization scheduling tool.
- Handled quality checking to ensure that company standards were met.

Store First – Sales Assistant (June 2017 – July 2018)

My role was to ensure that the store was managed efficiently throughout the day. I further assisted in overseeing the day-to-day operations of the business, such as admin tasks, tills as well and security.

- Supervised admin, cash handling, daily banking, and processing.
- Managed customer relationships by fulfilling customer needs and queries.
- Coordinated mass channel communication with the company director, local managers, suppliers, local businesses, and tradesmen when required.
- Chaired weekly team meetings.

Vibox Ltd – IT Technician/Pc Builder (Sep 2016 – May 2017, Nov 2021 – Current)

I worked in a team with other technicians, developing fully customizable gaming PCs, building different components to create a PC system that suited the customers' individual needs.

- Detailed quality management
- Dealt with complex and delicate equipment.
- Managed relationships with high-value clients to ensure that we retained customer satisfaction.

Achievement

EDUCATION

Manchester City FC – IT manager assistant (July 2015- Aug 2016)

Within this role, I improved my self-management skills. My role was to ensure that all was handled and to handle all other technical queries.

- Managed multiple technical queries.
- Gave clear communication over the radio
- Resolved issues promptly.
- Programmed and tested new equipment and software.
