

Richard Tyson – DIT

As a digital imaging technician working in film, TV, commercials, and live installations, I aim to deliver exceptional results through my technical expertise, problem-solving skills, and creative collaboration. With a passion for exploring emerging technologies such as 360, 3D, Projections, and Virtual Production, I am committed to pushing the boundaries of what's possible in this dynamic industry. I am a skilled team player with a focus on professionalism, creativity, and attention to detail, and I am confident that my experience and passion make me an asset to any project team.
