DBS Check Passed

First Class Hons. BA History (University of Leeds)

Since graduating from a History degree in 2022, I have leapt into the industry and never looked back. At University, I was the President of the Leeds Filmmaking Society, and volunteered yearly at the Leeds International Film Festival. Alongside this, I grafted in hospitality, security, and ran my own videography business. This has led me to be a rare combination of level-headed, flexible and fast-paced. Manchester-based, I have established myself firmly within the industry as a personable, hard-working Runner and PA with a particular skill of dealing with High Profile Talent and client management. I am primarily Commercials-based, however I also have experience in TV, Dramas, and Music Videos. I am also the recipient of the Berkofsky Arts Award 2022.
