As a confident and passionate individual, in every job I undertake, I do it with 100% effort. I'm focusing on a career towards a shooting PD in all different industry areas while also wanting to lean on the general story and production department. I'm open to any opportunity which will extend my knowledge through industry experience to aid in achieving this goal. I have experience on location, in the studio environment, production office, producing short films, PA, PC, PM, floor running, office running, office 2nd AD, production secretary duties, researcher duties, BTS photography and Film photography. I can also make a great cup of Yorkshire tea!
